

Hertfordshire gazetteer

Compiled by Colin Everett

This gazetteer is a fully revised replacement for that previously published in The Hertfordshire Bird Report for the years between 2001 and 2008. It matches the list of sites provided to observers elsewhere on the website for the purposes of record submission.

With this revised gazetteer, we hope to further encourage and strengthen the recording of birds throughout the county. The list of sites has been prepared and refined after extensive consultation both with local observers and previously published data sources. We hope it will help observers to record the vast majority of their bird sightings across Hertfordshire. Nonetheless, the list is not exhaustive and sites may be added in future as the Bird Club deems appropriate.
