

List of species requiring a description (as at 3rd October 2014)

This is a list of species that require a description and/or photograph to confirm the identification. The records in bold are nationally rare and are passed on to the British Bird Rarities Committee (BBRC). The species in normal type are adjudicated by the Herts Rare Bird Panel.

A description form (in MS Word format) is available to download from the 'Links' webpage and should either be emailed to the County Bird Recorder, birdrecorder@hnhs.org or returned by post.
